## **WE'RE GIVING AWAY A FULL SERVICE BUSINESS WITH MILLIONS OF DOLLARS IN RESOURCES!!!**

*HOW WOULD YOU LIKE TO HAVE YOUR VERY OWN TURN-KEY COMPANY THAT HAS A  
GUARANTEED PROFIT, NO EXPENSES, NO HEADACHES – NO KIDDING!*

Dear Fellow Entrepreneur,

You can step into your very own business with millions of dollars in resources at your fingertips to earn the kind of money you want and deserve! Our Printing Division is offering a business that will allow you to jump right into an untapped gold mine in one of the world's largest industries – the Retail Printing Industry (don't worry, we're not asking anyone to become printers). Let me ask you a few simple questions to see if you'd be interested.

1. Would you like to have your very own full service printing company backed up with modern equipment, supplies, plenty of employees to do all the work while you make a guaranteed profit without even getting a drop of ink on your hands?
2. How much money do you think you could make by having your own Full Service printing facility? (Remember, you have millions of dollars in resources to provide a range of desperately needed general and specialty services for people at lower prices than they're paying now – and provide the highest quality available. What if you didn't have to pay for employees, rent, equipment, or any other expenses?
3. How much money do you think it would take to purchase this “dream business” or even to buy stock in it?
4. How would you like to own 100% of this a business – **100% RISK FREE?** Well, you can, and it's VERY EASY!

We're currently accepting applications from a limited number of people who are interested in owning their own printing business fully backed up with millions of dollars of resources at its disposal. If you are accepted, you'll be placed in a very unique position. It's a highly profitable position that, until now, took large amounts of money to enjoy. Printers can earn millions of dollars every year for their services. Many printers pay hundreds of thousands of dollars for companies offering LESS of an opportunity than you can have now. You'll have millions of dollars of equipment and employees working for you at no cost! Let's go over the major benefits available to you with this business:

### **SIMPLICITY:**

- You can have your very own full service printing business with zero start-up capital and no expenses!
- Customers choose from hundreds of services available which they order through you from the catalogs we provide! All you do is write down what your customer needs, send it to us, and make a guaranteed profit – it's that simple!
- No training, experience, or printing knowledge necessary! No “selling” involved – nothing has been left to chance!
- No boss, no time clocks, no quotas, no royalty fees, and it can all be done easily from the comfort of your own home!
- You simply take the order, deduct your profits up-front, and forward the order to us to be fulfilled! It's as easy as 1, 2, 3!

### **IT'S A WIN/WIN/WIN SITUATION OF THE BEST KIND!**

- Your customers win because they get More Services, Higher Quality, and Lower Prices!
- You win because you're guaranteed a profit UP-FRONT! There's no waiting for monthly checks or anything else!
- We win because we do more printing! Having you as a business owner gives us a method of marketing our printing services, and gives you a method of earning lots of money from printing without having to be a “printer!” That's why we need you and are willing to pay you so much for so little effort! It all has to do with the bottom line!

### **DEMAND:**

- Continued rise in the cost of printing has forced people to seek discount printing services. We've taken the same “profit earning” approach as Wal-Mart – lower prices & higher volume! On some services, we beat printer's prices by over 20%!
- You can provide more services, better quality, and lower prices! Your customers can't get that from local printers!

- Printing is one of the world's largest and most profitable industries – it's a multi-billion dollar demand!
- Guaranteed profits are yours for providing individuals and commercial businesses with just about ALL of their printing needs, whether it's Business Cards, Bumper Stickers, or Baseball Caps – we print it all!
- Small “Mom & Pop” printers, and even large franchises, simply can't compete because of their expenses so customers will naturally come to you to order! Don't get trapped in a business where there's no market for the service – with printing, you can look around and SEE the demand! The market's wide open and the earning potential is absolutely endless!

### **SAFETY, PROTECTION, AND STABILITY:**

- Printing is not a fad! Saturation doesn't exist because it's a REPEAT business!
- Printing is a solid, established industry that's been around since the beginning of civilization and will be around forever!
- It's not affected by the economy! In bad times, people print because they have to get their word out to stay in business. In good times, they print more to advertise more! Just look around and you'll see all of the printing that people need!
- Our various facilities have been producing top quality printing for over 50 years! You're protected by our guarantee – if any imprinted merchandise is unacceptable; we will replace it at no cost to you or your customers. Our work and your satisfaction are fully and unconditionally guaranteed! Even if a mistake occurs and the job has to be re-printed – you still make guaranteed profit! Printers who have been in business for years don't have this kind of protections!
- You'll have the stability & backing of a winning management team with a proven track record!

### **YOUR RESPONSIBILITIES:**

If accepted, you will be the owner of your own full service printing business, and this comes with a few easy responsibilities.

- You need to let people know of your new full service printing business so they can contact you to order. This is VERY EASY because we provide complete catalogs and step by step instructions to do this without “cold calling” or any expensive advertising!
- You need to forward the orders to us after deducting your profits so we can print the jobs for your customers. That's all there is to it! If you don't think you can handle these two simple things, then I suggest you get used to working for someone else, living paycheck to paycheck. However, with only these two simple responsibilities required to earn the profits that a full service printing business provides, I think you'll realize the potential here, and make the right decision!

### **LOTS OF SERVICES TO EARN LOTS OF MONEY WITHOUT LOTS OF WORK!**

*Through the multi-million dollar printing resources at your disposal, you'll earn guaranteed money by simply taking customer orders for the following:*

#### **General:**

Business Cards, Envelopes, Letter Head, Stationery, Flyers, Invitations, Newsletters, Brochures, Postcards, Carbonless Paper, Booklets, Manuals, Shipping Labels, Business Forms, Invoices, Etc.

#### **Specialties & Advertising:**

Pens, Letter Openers, Calendars, Key Chains, T-shirts, Jackets, Baseball Caps, Cups, Mugs, Visors, Stickers, Decals, Labels, Bumper Stickers, Signs, Rubber Stamps, Rulers, Real Estate Signs, Bags, Etc.

**And much, much more!!!**

### **PROFITABILITY & REWARDS!**

- You earn one of the highest profit margins in the industry – and it's GUARRANTEED!
- It's not uncommon for small businesses to pay you thousands of dollars weekly in large printing orders – and it's pure gravy!
- Forget the get-rich-quick nonsense. This is an honest, realistic way to enjoy more money and free time than you ever have before!
- You'll earn higher profits on lower prices because you have NO expenses!
- Repeat Orders! Every business, organization, and individual buys printing time and time again! As long as people continue to need printing, the money will continue to pour in! Your customers will be impressed with the quality, and you'll be impressed with the money!
- Excellent Mail Order / Internet potential! Plus flexibility – you can hire commission only sales people to do all the work for you and multiply your profits!

- State-of-the-art technology and equipment, experienced employees, and high quality products all working to make YOU money!
- Compare this to other “limited service” franchises: A Quick Print franchise will cost you \$180,000 plus expenses! To print just T-shirts, hats, & banners requires \$42,500 – plus you do all the work! Now, you can become wealthy by providing what both these expensive franchises offer - and much more – all without getting your hands dirty! You will never get another chance of this magnitude again. It’s truly a once in a lifetime opportunity – unless of course you come up with millions of dollars for your own building, equipment, employees, and expenses!

*Everyone needs and uses printing – it’s BIG BUSINESS & BIG MONEY! This isn’t a theory, it’s a fact. A fact that’s backed up by verified earnings by people just like you who took advantage of this offer!  
Here’s just a sample of what you can look forward to ...*

You can join us in this fun and profitable business or you can stay exactly where you are now!

These are just samples of the kind of money you can make on a daily basis when you join us in this business. Remember, you get a guaranteed profit up-front simply for taking the order. We do all the printing and drop-ship directly to your customer! I think you can see where the money starts to add up in a hurry!

## **THE LIST GOES ON, BUT DON’T EVERYONE SEND THEIR APPLICATION!**

The money and benefits that owners enjoy are extremely generous, but we’re not looking for people who are dreaming of a get-rich-quick fairy tale. Earning Six Figure incomes in the printing business is really quite common just because of the demand – everyone needs printing – you see it everyday! But it doesn’t happen by just “dreaming.” Anyone who halfway tries can be more then halfway successful! We will accept only those people who realize the privilege of owning their own printing business! For those interested, you’ve got millions of dollars in resources at your fingertips to clear a guaranteed profit without any hard work or overhead costs!

## **QUALIFYING AS A PRINTING BUSINESS OWNER**

Unfortunately, we can’t accept everybody. It will be done on a first come – first serve basis for those who qualify. For these lucky people, we’ll send you everything you need to make a financial killing your very first day! The most important thing you need to qualify is simply a sincere desire to succeed and make money! We care as much about your success as you do because your success creates the volume of printing that we need to be successful. Working together, we’ll ALL make a lot of money year after year after year!

The number of owners may be limited (to protect territories). If you’re interested, I would recommend acting quickly to secure your position. To get your full service printing business up and ready to start making you money simply requires a refundable deposit of just \$29.95. This deposit covers the cost of your materials, and helps us “weed out” individuals who are not serious about this opportunity. One way we keep our prices so low is to avoid waste, which in turn benefits YOU because our lower prices attract more customers which makes you more money! The entire deposit (plus a little more!) will be refunded to you by giving you an additional 10% profit on your customer’s orders. If for any reason, we cannot accept your application, or you change your mind, your deposit will be refunded immediately – fair enough?

## **YOU WILL RECEIVE THE FOLLOWING MATERIALS FOR YOUR BUSINESS:**

- Complete step by step instructions – a proven business plan with ongoing assistance!
- Sales catalogs that your customers order from (You simply deduct your profit from the retail prices before forwarding the order to us.)
- A total of \$29.95+ in additional profits to reimburse you for your start-up deposit.
- 100% satisfaction guarantee – if any imprinted merchandise is unacceptable, we will replace it or refund the money!

## **YOUR COMPLETE SATISFACTION IS GUARANTEED!**

There's still room left for you to become an owner, but it may not last long. Once these positions are filled, all other applications must be refused, so act now to guarantee your position – even if you just want to consider it. Your complete satisfaction is guaranteed! If you're not satisfied with your new printing business for any reason, simply return it within 90 days for a complete refund – no questions asked!

Think for a moment about the amount of printing (General & Specialty) that is used everyday by individuals, businesses, schools, churches, hospitals, etc. Many businesses and large public facilities have small table copiers to handle simple daily needs, but nothing to handle large quantities, brochures, business cards, envelopes, labels, stickers, signs, shirts, pens, and hundreds of other items! They pay PRINTERS to do it! Fortunes are being made and you can easily get your share.

With your satisfaction guaranteed, it's worth looking into if YOU want to be the person being paid when they want the best quality printing at the lowest price! I think it's pretty easy to see the money you can make with your own full service printing business! If you want to be a part of it, please fill out the request application and mail it in today.

Sincerely,
